5. Do further steps in the following areas need to be taken to mitigate or safeguard these impacts - *Involvement & consultation, Data collection & evidence, Assessment & analysis, Procurement & partnerships, Education and workforce?* If so complete the action plan below:

Outcome	Actions Required	Time scale	Responsible Officer
Outcome 1: No major change required <i>when the scoping exercise has not identified any potential for discrimination or adverse impact and all opportunities to promote equality have</i>			

<i>been taken.</i>			
<p>Outcome 2: Adjustments to remove barriers identified by further equality analysis. <i>We need to be satisfied that the proposed adjustments will remove the barriers identified.</i></p>			
<p>Outcome 3: Continue despite having identified potential for adverse impact or missed opportunities to promote equality. <i>In this case, the justification should be included in the EA and should be in line with the duty to have 'due regard'. For the most important relevant policies, compelling reasons will be needed. We need to consider whether there are sufficient plans to reduce the negative impact and/or plans to monitor the actual impact</i></p>			
<p>Outcome 4: Stop and rethink. When an EA shows actual or potential unlawful discrimination.</p>			

<p>How will we monitor this and to whom will we report outcomes?</p>

The Equality Act 2010 has brought a new equality duty to all public authorities which replaced the race, disability and gender equality duty. The Equality Analysis provides assurance of the steps the Southport and Ormskirk Hospital Trust is taking in meeting its statutory obligation to pay due regard to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.
